Cayo Largo

Cayo Largo is located in the Caimanaré Archipelago. The archipelago is located in the Cuban southern region and next to it lies the Isla de la Juventud (Island of Youth). This group of islands that offer the visitors lighthouses, coves, located in coral cays, islands and mangrove islands, ideal for diving, underwater photography, snorkeling and other nautical activities.

It has a total area of 3.5 km² and a length of 11 km. Its surrounding lagoon is 5.6 km². Cayo Largo's top attractions are: La Bala Larga, Caja Canto and La Pared, and northern beaches known as Playa Paraiso and Playa Anfieta formed on top of petrines on Pliocene. There are hotels and supertel suitifull managed by Star Carlson Hotel Group, as well as by other International Hotel chains. You will receive a service of excellence and personalized service that will make your stay an unforgettable experience.

Cayo Largo offers the possibility to enjoy a wild preserved natural environment and a true harmony between men and nature. You can experience a varied lifestyle with multiple activities at the beaches, where you can feel free to breathe air and to appreciate all those persons that have to create a free environment in order for you to have them. The atmosphere that is distinguished by the most precious thing that you can deliver, true, is their kindness, and you must go to them if you want to know them.
